Explanatory Note

This Amendment No. 1 to the Current Report on Form 8-K ("Amendment") is being furnished to amend Items 2.02 and 9.01 of the Current Report on Form 8-K furnished on November 1, 2019 reporting the Company's results for the third quarter ended September 30, 2019.

ITEM 2.02 Results of Operations and Financial Condition

On November 13, 2019, CBL & Associates Properties, Inc. (the "Company") issued a corrected press release announcing the Company's results for the quarter ended September 30, 2019. The news release was issued to correct the amount of loss on impairment of real estate reported for the three and nine months ended September 30, 2019. Subsequent to the issuance of its earnings release on October 31, 2019, the Company's internal control procedures identified an error in the underlying assumptions used in its undiscounted cash flow recoverability analysis for Laurel Park Place. As a result of correcting this error, the Company recorded an impairment of \$52.1 million to write down the net carrying value of Laurel Park Place to its estimated fair value of \$26.0 million.

The Company has prepared and furnished as Exhibit 99.1 to this Amendment a corrected earnings release and supplemental financial and operating information for the third quarter ended September 30, 2019. The correction did not change the Company's reported Same-Center Net Operating Income ("NOI") and Funds From Operations ("FFO"), as adjusted, for the three and nine months ended September 30, 2019. The correction did not change the Company's guidance for Same-Center NOI and FFO, as adjusted, that was provided in the original earnings release.

The information in this Amendment and the Exhibit attached hereto shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.

KEY TAKEAWAYS:

- Same-center sales per square foot for the stabilized mall portfolio for the third quarter improved 3.2%. For the twelve-months ended September 30, 2019, same-center sales increased 1.1% to \$383 per square foot compared with the prior-year period.
- CBL made significant progress on its anchor redevelopment program, including 27 former anchor spaces committed, under construction or with replacements already open featuring dining, entertainment, fitness and other mixed-use components.
- FFO per diluted share, as adjusted, was \$0.34 for the third quarter 2019, compared with \$0.40 per share for the third quarter 2018. Third quarter 2019 FFO per share was impacted by \$0.02 per share of dilution from asset sales completed since the prior-year period and \$0.04 per share of lower property NOI.
- Total Portfolio Same-center NOI declined 5.9% for the three months and declined 5.5% for the nine months ended September 30, 2019, as compared with the prior-year periods.
- Portfolio occupancy as of September 30, 2019, was 90.5%, representing a 30 basis point improvement sequentially, and a 150 basis point decline compared with 92.0% as of September 30, 2018. Same-center mall occupancy was 88.7% as of September 30, 2019, a 60 basis point improvement sequentially and a 200 basis point decline compared with 90.7% as of September 30, 2018.
- Year-to-date, CBL has completed or announced gross asset sales totaling \$161.4 million (details herein).

"Third quarter results demonstrated the resiliency of our portfolio of market dominant properties. With adjusted FFO per share of \$0.34 and portfolio same-center NOI of (5.9)% , we are on track to achieve full-year results within the mid-to-high end of our reaffirmed guidance range," said Stephen D. Lebovitz, Chief Executive Officer. "Operational results were also in-line with improved sales and spreads on new leasing, and our reserve was able to offset additional retailer bankruptcies, store closings and restructurings. For the third quarter, portfolio sales increased 3.2%, bringing our rolling twelve-month sales to \$383 per square foot. This trend should provide a positive backdrop for us during the holiday season as well as on future lease negotiations.

"Last week, we celebrated the grand opening of the redevelopment of the former Sears at Brookfield Square in Milwaukee, which represents a milestone in our portfolio transformation strategy. The project has generated a huge amount of excitement with new-to-market entertainment users Whirlyball and Movie Tavern by Marcus Theatres and in-demand restaurants, services and shops. The adjacent city-owned hotel and convention center opening next year will provide an added source of traffic.

"The Brookfield Square project is a great example of our strategy of utilizing redevelopments to transform our properties into suburban town centers. In this case, we are combining successful retail, entertainment, restaurants, fitness and non-retail elements, including medical office and the hotel/convention center. Across our portfolio, we are diversifying our tenant mix in our shop leasing efforts, and we are pursuing opportunities to make more productive use of available land. Year-to-date, 74% of new mall leasing was executed with non-apparel tenants. We also recently commenced construction with joint venture partners on two new self-storage projects and a hotel and have several additional non-retail projects on the drawing board. These projects demonstrate the tangible progress and creativity that helps bring us closer to our goal of stabilizing revenues and returning to growth."

Net loss attributable to common shareholders for the third quarter 2019 was \$90.1 million, or a loss of \$0.52 per diluted share, compared with a net loss of \$12.6 million, or a loss of \$0.07 per diluted share, for the third quarter 2018. Net loss for the third quarter 2019 was impacted by a \$135.7 million loss on impairment of real estate to write down the carrying values of Mid Rivers Mall and Laurel Park Place to the properties' estimated fair values. The impairments were primarily a result of declines in projected future cash flows. Net loss for the third quarter 2019 also included a \$22.7 million reduction to the class-action litigation expense accrued during the first quarter 2019. The majority of the reduction relates to past tenants that did not submit a claim pursuant to the terms of the settlement agreement with the remainder relating to tenants that opted out of the lawsuit.

FFO allocable to common shareholders, as adjusted, for the third quarter 2019 was \$58.7 million, or \$0.34 per diluted share, compared with \$68.6 million, or \$0.40 per diluted share, for the third quarter 2018. FFO allocable to the Operating Partnership common unitholders, as adjusted, for the third quarter 2019 was \$67.8 million compared with \$79.2 million for the third quarter 2018.

Percentage change in same-center Net Operating Income ("NOI")(1):

	Three Months Ended September 30, 2019	Nine Months Ended September 30, 2019
Portfolio same-center NOI	(5.9)%	(5.5)%
Mall same-center NOI	(6.9)%	(6.4)%

(1) CBL's definition of same-center NOI excludes the impact of lease termination fees and certain non-cash items such as straight-line rents and reimbursements, write-offs of landlord inducements and net amortization of acquired above and below market leases.

Major variances impacting same-center NOI for the quarter ended September 30, 2019, include:

- Same-center NOI declined \$8.7 million, due to a \$10.0 million decrease in revenues offset by a \$1.3 million decline in operating expenses.
- Rental revenues declined \$12.5 million, including a \$6.9 million decline in tenant reimbursements and a \$5.6 million decline in minimum and other rents. Percentage rents were flat.
- Property operating expenses declined \$1.1 million compared with the prior year. Maintenance and repair expenses declined \$0.3 million. Real estate tax expenses increased \$0.1 million.

DIVIDEND

In March 2019, CBL suspended its quarterly common dividend for two quarters. Prior to year-end, CBL will complete its review of taxable income projections and announce its common dividend policy for 2020. Consistent with CBL's strategy of maximizing internal cash flow available for investing and debt reduction, CBL intends to pay the minimum common dividend required, if any, to distribute taxable income.

ANCHOR REPLACEMENT PROGRESS AND REDEVELOPMENT

CBL recently marked the completion of the Sears redevelopment at Brookfield Square in Milwaukee, Wisconsin. Construction on the approximately 120,000-square-foot project, which included razing the entire Sears building, began in April 2018, and delivered new-to-market dining, entertainment, and other uses to the property.

Anchor replacements recently opened or pending include (complete list and additional information can be found in the financial supplement):

OUTLOOK AND GUIDANCE

CBL anticipates achieving 2019 FFO, as adjusted, in the range of \$1.30 - \$1.35 per diluted share, which is consistent with guidance provided in the prior quarter. Guidance incorporates a reserve in the range of \$5.0 - \$15.0 million (the "Reserve") for potential future unbudgeted loss in rent from tenant bankruptcies, store closures or lease modifications that may occur in 2019. Based on bankruptcy and leasing activity year-to-date, including the impact of any co-tenancy, CBL currently expects to utilize approximately \$8 - \$10 million of the Reserve.

Key assumptions underlying guidance are as follows:

	Low	High
2019 FFO, as adjusted, per share (includes the Reserve)	1.30	1.35
2019 Change in Same-Center NOI ("SC NOI") (includes the Reserve)	(7.75)%	(6.25)%
Reserve for unbudgeted lost rents included in SC NOI and FFO	\$15.0 million	\$5.0 million
Updated expectation for gains on outparcel sales	\$2.0 million	\$4.0 million

Reconciliation of GAAP net income (loss) to 2019 FFO, as adjusted, per share guidance:

	Low	High
Expected diluted earnings per common share	\$ (1.10)	\$ (1.05)
Adjust to fully converted shares from common shares	0.15	0.15
Expected earnings per diluted, fully converted common share	(0.95)	(0.90)
Add: depreciation and amortization	1.53	1.53
Less: gain on depreciable property	(0.11)	(0.11)
Add: loss on impairment	1.01	1.01
Add: noncontrolling interest in loss of Operating Partnership	(0.14)	(0.14)
Expected FFO, as adjusted, per diluted, fully converted common share	\$ 1.34	\$ 1.39
Add: Litigation settlement	0.32	0.32
Adjustment for certain significant items	(0.36)	(0.36)
Expected adjusted FFO per diluted, fully converted common share	<u>\$ 1.30</u>	<u>\$ 1.35</u>

ABOUT CBL PROPERTIES

Headquartered in Chattanooga, TN, CBL Properties owns and manages a national portfolio of market-dominant properties located in dynamic and growing communities. CBL's portfolio is comprised of 108 properties totaling 68.2 million square feet across 26 states, including 68 high-quality enclosed, outlet and open-air retail centers and 9 properties managed for third parties. CBL continuously strengthens its company and portfolio through active management, aggressive leasing and profitable reinvestment in its properties. For more information visit cblproperties.com.

ADOPTION OF NEW LEASE ACCOUNTING STANDARD

The Company adopted Accounting Standards Codification ("ASC") 842, *Leases*, effective January 1, 2019, which resulted in the Company revising the presentation of rental revenues in its consolidated statements of operations. In the past, certain components of rental revenues were shown separately in the consolidated statements of operations. Upon the adoption of ASC 842, these amounts have been combined into a single line item. Please see the Company's Supplemental Financial and Operating Information located in the Invest section of the Company's website for more information regarding the components of rental revenues.

NON-GAAP FINANCIAL MEASURES

Funds From Operations

FFO is a widely used non-GAAP measure of the operating performance of real estate companies that supplements net income (loss) determined in accordance with GAAP. The National Association of Real Estate Investment Trusts ("NAREIT") defines FFO as net income (loss) (computed in accordance with GAAP) excluding gains or losses on sales of depreciable operating properties and impairment losses of depreciable properties, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures and noncontrolling interests. Adjustments for unconsolidated partnerships and joint ventures and noncontrolling interests are calculated on the same basis. We define FFO as defined above by NAREIT less dividends on preferred stock of the Company or distributions on preferred units of the Operating Partnership, as applicable. The Company's method of calculating FFO may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs.

The Company believes that FFO provides an additional indicator of the operating performance of its properties without giving effect to real estate depreciation and amortization, which assumes the value of real estate assets declines predictably over time. Since values of well-maintained real estate assets have historically risen with market conditions, the Company believes that FFO enhances investors' understanding of its operating performance. The use of FFO as an indicator of financial performance is influenced not only by the operations of the Company's properties and interest rates, but also by its capital structure.

The Company presents both FFO allocable to Operating Partnership common unitholders and FFO allocable to common shareholders, as it believes that both are useful performance measures. The Company believes FFO allocable to Operating Partnership common unitholders is a useful performance measure since it conducts substantially all of its business through its Operating Partnership and, therefore, it reflects the performance of the properties in absolute terms regardless of the ratio of ownership interests of the Company's common shareholders and the noncontrolling interest in the Operating Partnership. The Company believes FFO allocable to its common shareholders is a useful performance measure because it is the performance measure that is most directly comparable to net income (loss) attributable to its common shareholders.

In the reconciliation of net income (loss) attributable to the Company's common shareholders to FFO allocable to Operating Partnership common unitholders, located in this earnings release, the Company makes an adjustment to add back noncontrolling interest in income (loss) of its Operating Partnership in order to arrive at FFO of the Operating Partnership common unitholders. The Company then applies a percentage to FFO of the Operating Partnership common unitholders to arrive at FFO allocable to its common shareholders. The percentage is computed by taking the weighted-average number of common shares outstanding for the period and dividing it by the sum of the weighted-average number of common shares and the weighted-average number of Operating Partnership units held by noncontrolling interests during the period.

FFO does not represent cash flows from operations as defined by GAAP, is not necessarily indicative of cash available to fund all cash flow needs and should not be considered as an alternative to net income (loss) for purposes of evaluating the Company's operating performance or to cash flow as a measure of liquidity.

The Company believes that it is important to identify the impact of certain significant items on its FFO measures for a reader to have a complete understanding of the Company's results of operations. Therefore, the Company has also presented adjusted FFO measures excluding these items from the applicable periods. Please refer to the reconciliation of net income (loss) attributable to common shareholders to FFO allocable to Operating Partnership common unitholders on page 10 of this news release for a description of these adjustments.

Same-center Net Operating Income

NOI is a supplemental non-GAAP measure of the operating performance of the Company's shopping centers and other properties. The Company defines NOI as property operating revenues (rental revenues, tenant reimbursements and other income) less property operating expenses (property operating, real estate taxes and maintenance and repairs).

The Company computes NOI based on the Operating Partnership's pro rata share of both consolidated and unconsolidated properties. The Company believes that presenting NOI and same-center NOI (described below) based on its Operating Partnership's pro rata share of both consolidated and unconsolidated properties is useful since the Company conducts substantially all of its business through its Operating Partnership and, therefore, it reflects the performance of the properties in absolute terms regardless of the ratio of ownership interests of the Company's common shareholders and the noncontrolling interest in the Operating Partnership. The Company's definition of NOI may be different than that used by other companies and, accordingly, the Company's calculation of NOI may not be comparable to that of other companies.

Since NOI includes only those revenues and expenses related to the operations of the Company's shopping center properties, the Company believes that same-center NOI provides a measure that reflects trends in occupancy rates, rental rates, sales at the malls and operating costs and the impact of those trends on the Company's results of operations. The Company's calculation of same-center NOI excludes lease termination income, straight-line rent adjustments, amortization of above and below market lease intangibles and write-off of landlord inducement assets in order to enhance the comparability of results from one period to another. A reconciliation of same-center NOI to net income is located at the end of this earnings release.

Pro Rata Share of Debt

The Company presents debt based on its pro rata ownership share (including the Company's pro rata share of unconsolidated affiliates and excluding noncontrolling interests' share of consolidated properties) because it believes this provides investors a clearer understanding of the Company's total debt obligations which affect the Company's liquidity. A reconciliation of the Company's pro rata share of debt to the amount of debt on the Company's condensed consolidated balance sheet is located at the end of this earnings release.

(1) CBL defines NOI as property operating revenues (rental revenues, tenant reimbursements and other income), less property operating expenses (property operating, real estate taxes and maintenance and repairs). Same-center NOI excludes lease termination income, straight-line rent adjustments, amortization of above and below market lease intangibles and write-offs of landlord inducement assets. We include a property in our same-center pool when we own all or a portion of the property as of September 30, 2019, and we owned it and it was in operation for both the entire preceding calendar year and the current year-to-date reporting period ending September 30, 2019. New properties are excluded from same-center NOI, until they meet this criteria. Properties excluded from the same-center pool that would otherwise meet this criteria are properties which are under major redevelopment or being considered for repositioning, where we intend to renegotiate the terms of the debt secured by the related property or return the property to the lender.

CBL & Associates Properties, Inc.
Supplemental Financial And Operating Information
For the Three and Nine Months Ended September 30, 2019

EBITDA for real estate ("EBITDA_{re}") is a non-GAAP financial measure which NAREIT defines as net income (loss) (computed in accordance with GAAP), plus interest expense, income tax expense, depreciation and amortization, losses (gains) on the dispositions of depreciable property and impairment write-downs of depreciable property, and after adjustments to reflect the Company's share of EBITDA_{re} from unconsolidated affiliates. The Company also calculates Adjusted EBITDA_{re} to exclude the non-controlling interest in EBITDA_{re} of consolidated entities, and the Company's share of abandoned projects expense, gain or loss on extinguishment of debt and litigation settlement, net of taxes.

The Company presents the ratio of Adjusted EBITDA_{re} to interest expense because the Company believes that the Adjusted EBITDA_{re} to interest coverage ratio, along with cash flows from operating activities, investing activities and financing activities, provides investors an additional indicator of the Company's ability to incur and service debt. Adjusted EBITDA_{re} excludes items that are not a normal result of operations which assists the Company and investors in distinguishing changes related to the growth or decline of operations at our properties. EBITDA_{re} and Adjusted EBITDA_{re}, as presented, may not be comparable to similar measures calculated by other companies. This non-GAAP measure should not be considered as an alternative to net income, cash from operating activities or any other measure calculated in accordance with GAAP. Pro rata amounts listed below are calculated using the Company's ownership percentage in the respective joint venture and any other applicable terms.

Components of Consolidated Rental Revenues

The Company adopted Accounting Standards Codification (“ASC”) 842, *Leases*, effective January 1, 2019, which resulted in the Company revising the presentation of rental revenues in its consolidated statements of operations. In the past, certain components of rental revenues were shown separately in the consolidated statement of operations. Upon the adoption of ASC 842, these amounts have been combined into a single line item. As a result of the adoption of ASC 842, the Company believes that the following presentation is useful to users of the Company’s consolidated financial statements as it depicts how amounts reported in the Company’s historical financial statements prior to the adoption of ASC 842 are reflected in the current presentation in accordance with ASC 842.

- (1) Tenant allowances, sometimes made to third-generation tenants, are recovered through minimum rents from the tenants over the term of the lease.
- (2) Renovation capital expenditures for remodelings and upgrades to enhance our competitive position in the market area. A portion of these expenditures covering items such as new floor coverings, painting, lighting and new seating areas are also recovered through tenant billings. The costs of other items such as new entrances, new ceilings and skylights are not recovered from tenants. We estimate that 30% of our renovation expenditures are recoverable from our tenants over a ten to fifteen year period.
- (3) The capital expenditures incurred for maintenance such as parking lot repairs, parking lot lighting and roofs are classified as deferred maintenance expenditures. These expenditures are billed to tenants as common area maintenance expense and the majority is recovered over a five to fifteen year period.
